Do you receive SSI?

If you could earn approximately \$30,000 per year and keep your Medicaid, would you consider working?

Do you receive SSDI?

Would you work if you knew that you could continue to receive your full SSDI check for at least one year?

Social Security Administration offers a variety of work incentives and support services to help you return to work! If you answered YES to one or more of the above questions, attend a Work Incentives Information Session!

A Certified Work Incentive Benefits Counselor will review available work incentives.

NOTE:

This is not a "how to apply for benefits" session. This session is for individuals already receiving SSI or SSDI benefits.
